

*Nineteenth-Century*

**PORTAGE  
COUNTY  
MARRIAGES**

Listing over 7600 marriages of  
Portage County residents,  
contracted in Portage County  
and elsewhere, through 1900

**Compiled by Dr. G. L. Miller  
May, 2001**

THE MARRIAGES contained in this volume have been gathered from various sources, but most of them have been copied directly from court house records at the Portage County court house. Other sources include local newspapers, biographies, obituaries, family histories, etc. Every marriage is listed twice; once alphabetized by husband's surname, and again alphabetized by wife's maiden surname.

THE FORMAT of the records in this index is as follows:

<b>Dawley, James B.</b>	<b>Cogswell, Letitia T.</b>	<b>30 Oct 1889</b>	<b>B</b>
↑	↑	↑	↑
Names of the couple		Date of Marriage	Source

A "c" following the date indicates that the date of marriage is not shown on the Court House record; the date given is the date of the marriage certificate, which is usually, though not always, the same. The source codes are:

- C** Office of Register of Deeds, Portage County Court House
- J** *The Stevens Point Journal* (1871 – )
- G** *The Gazette*, an early Stevens Point newspaper (1878 – 1923)
- P** *The Wisconsin Pinery*, another early newspaper (1853 – 1886)
- T** *The Plover Times* (1866 – 1881)
- B** *Commemorative Biographical Record of the Upper Wisconsin* (J. H. Beers & Co., 1895)
- H** *Histories and Memories of the Town of Belmont* (Wayne A. Guyant, 1986)
- S** *A Standard History of Portage County Wisconsin, Volume II* (The Lewis Publishing Company, 1919)
- O** Other sources (biographies, obituaries, family histories, etc.)

RECORDS AT THE COURT HOUSE contain blanks for the following information, though not all are necessarily filled in:

- full name of husband
- full name of father of husband
- full name of mother of husband before marriage
- occupation of husband
- residence of husband
- birthplace of husband
- full name of wife previous to marriage
- full name of the father of wife
- full name of mother of wife before marriage
- birthplace of wife
- time when the marriage was contracted
- place or town and county where marriage was contracted
- the color of the parties
- by what ceremony contracted
- names of subscribing witnesses
- name of person pronouncing marriage
- residence of person last named
- date of certificate or affidavit of marriage
- date of registration
- any additional circumstances

AS WITH ALL records of this type, spelling of names should be taken with a measure of skepticism. Records of this era were all hand-written, and penmanship was not always the best. Newspaper type-setters were likely to misread the hand-written notes that had been given to them, and garbled names were the result. Even original court house records may be inaccurate.

NOT EVERY MARRIAGE listed here took place in Portage county, not even all those copied from court house records. Married couples who wished to have their marriages recorded locally were generally allowed to do so upon written testimony of witnesses, even though the marriage may have taken place long ago and far away. Conversely, not every marriage that took place in Portage County was between local residents; sometimes couples from elsewhere decided, for reasons of their own, to get married here. This volume includes all marriages recorded at the Portage County court house through December 31, 1900, regardless of residence, while those obtained from other sources are included if at least one of the parties to the marriage was, or is known to have become, a local resident, though not necessarily a local resident at the time of marriage. Most of these marriages took place outside of Portage County, though not all. Some did in fact take place here, but were not recorded at the court house; by some estimates, fewer than half of all nineteenth-century marriages were ever recorded by civil authorities. Marriage licenses, with a mandatory five-day waiting period, were not required until May 5, 1899.

IT IS NOT UNUSUAL to find that different sources disagree. Where multiple sources exist, minor discrepancies have been resolved for this index by favoring the source thought to be the most reliable. Conflicting records in which the marriage dates are apparently irreconcilable have been listed separately; thus a few couples may appear to have been married more than once. It is possible that some of these *were* married more than once. Apart from the obvious explanation of divorce and remarriage, it was not entirely uncommon for a couple to be married in a civil ceremony, followed by a church wedding at a later date. While considerable care has gone into making this index as accurate as possible, its complete accuracy obviously cannot be guaranteed.
